## ABOUT ME

- A Computer Science and AI enthusiast currently pursuing my studies at Scaler School of Technology and BITS Pilani.
- I'm passionate about coding, robotics, and building innovative tech solutions that blend creativity with impact.
- Over the years, I've developed projects ranging from IoT and Arduino-based systems to web platforms that simplify learning technology.
- I enjoy solving problems through code (C, C++, Java, HTML, CSS, JavaScript) and exploring how AI can transform the way we interact with the digital world.
- Beyond academics, I love sharing knowledge, experimenting with new ideas, and constantly pushing myself to think like a builder.
